I have discovered through forced experimentation that I have surgical implants in my body that were installed without my knowledge. An unknown group has been very dangerously gangstalking me and torturing me with military devices and several attempts of Homicide have been made on my life as well as my fiancé Ivory Taylor, in a cover up attempt. The group stalking me planned it out and then purposely crashed me in an auto accident at 75 mph to get me into surgery. While recovering, I was taken from the hospital to a radiation treatment center and lied to saying it was to prevent future bone spurs. This group is using a fugitive warrant as an excuse for this attack, however I absconded from my bonds, for my safety, to evade their attacks and electronic harassment. so they forced me to run and then used my warrants as an excuse. They're claiming behavior Modification yet I don't meet the criteria. I have no violence, no sex crimes, and no mental health history. I now know they installed device inside my left hip and my right foot and have been torturing me nearly to death by radiation exposure, electro-shocking my heart repeatedly, my penis and genitals, my ankle, and they're polluting my body and bones with radiation exposure. They have also sent my fiancé into 8 seizures through illegal brain experiments. This group is linked to my family and an unknown website, a military group, D.O.C., they're using C.I. credentials and several voices over VAK devices are known to me. They have damaged my brain severely and I have no history that qualifies me for behavior Modification. I have also lost all ability to have erections and they have done this intentionally. They have forced me and my fiancé both into negative results brain altering VAK Voice 2 Skull harassment and torture. I now have screws popping out from them sticking my foot and they asked me if I could feel it - via VAK military devices

IV. Relief

State briefly and precisely what you want the court to do for you.

I am requesting an emergency investigation this is cyber-crime related and major medical malpractice and corruption. I have suffered severe brain damage, wrongful incarcerations, and loss of erections, and permanent bodily injury and disfigurement. I'm also requiring 2 more surgeries. I have suffered severe mental trauma and am seeking a Billion dollars Compensation

V. Notice to Plaintiff Regarding Consent

In accordance with the provisions of 28 U.S.C. § 636(c) and Federal Rule of Civil Procedure 73, you are hereby notified that the United States magistrate judges of this district court may, upon your consent, conduct any or all proceedings in this case, including a jury trial and entry of a final judgment. If you consent, any appeal from a judgment entered by a magistrate judge shall be taken directly to the United States Court of Appeals for this judicial circuit in the same manner as an appeal from any other judgment of a district court.

Magistrate judges have greater flexibility in their schedules than district judges, who have heavy criminal caseloads that take priority over civil trials. Accordingly, the magistrate judges are generally able to schedule prisoner civil rights cases for jury trial much sooner, and they are able to provide firm trial dates. Magistrate judges are experienced trial judges who handle a great number of prisoner civil rights cases.

Your decision to consent to the dispositive jurisdiction of a United States magistrate is entirely voluntary. If you do not consent to a magistrate judge, the case will be randomly assigned to a district judge. The magistrate judge already assigned to this case would continue to decide all pretrial matters and would handle all dispositive motions by report and recommendation.

Please check **ONE** box below to indicate whether you voluntarily consent to proceed with a United States magistrate judge or if you would instead prefer that the case be assigned to a district judge.

- ☐ I hereby voluntarily consent to the United States magistrate judge conducting all proceedings in this case, including entry of a final judgment and all post-judgment matters.
- ☒ I request that this case be assigned to a district judge.

* Statement of claim *

This group has allowed my ex girlfriend who is website affiliated, Arielle Rae Chambers, and several of my distant relatives who are website affiliated, to attack me in a very heinous manner for what she is calling "a revenge charade." They tried to burn me alive with radiation exposure. I had to quzzle water to stay alive. They attacked me via V2K voice & Skull/neuro monitoring devices, and also have performed an illegal surgery after attempting to murder me in an auto accident, and then wiped the crash reports and tickets from the records.

Foot note:

My ticket for careless driving and my suspended license notice was all wiped from the Secretary of State database.

The surgery implanted electronics inside my body that were designed to inject my body with radiation by means of torture. They were also attacking me on the outside inappropriately and untimely with radiation guns simultaneous on several occasions I nearly went unconscience from radiation exposure. My ears and neck turned to alligator skin. And the entire year long attack - 24 hrs ~~per~~ a day, they accused me of allegedly putting my hands on my ex girlfriend Arielle Rae Chambers. I have clearly heard her voice and numerous others that I recognize. They forced me into 24 hr military interrogations via V2K while fabricating false evidence for blackmail. Several occasions I knew I would die if I didn't "secure my ends." They have allowed this group, who several have claimed CIA credentials, to attempt to murder me to cover up this illegal surgery. My entire family home is

Page 3

I am a nonviolent felony offender. I have no sex crimes in my history and no mental Health issues. I have evidence to prove that this group's attacks and harassment are responsible for my absconding and my fugitive status. They attacked me, causing me to flee for my safety. They were unannounced and without credentials, nor warrants, causing me to flee from what I assumed to be a murder plot. They also attacked me in a federally protected drug program and torturing me - making me faint in class and attempting to make me go blind. They have invaded my privacy and exposed my nudity against my will to the public. I also have knowledge that this group has drugged me 3rd party on several occasions at different locations and attacked with VAK devices and intruders to record me under the influence, to justify their "monitoring". However their monitoring is against my will 100% and warrantless; a clear attempt of homicide against me and my fiancé, several occasions forcing me into illegal experimentation - all negative results and unprofessional grudges, completely ruining my brain and altering my brain waves. They have shocked my ankle until it made screws pop out. They were communicating with me directly via VAK harassment and asking me if I could feel it while they shocked me. Then they said "well, at least we know it works." And they accused me of being a fugitive from justice.
